Kitchen&World

Haoju

Profile.

Who We Are ?

Welcome to Haoju Hardware Products Co., Ltd., the high-quality kitchen sink manufacturing expert you deserve! We are an advanced kitchen sink manufacturing company committed to Made in China, providing innovative, durable, high-performance kitchen sink solutions to customers around the world.

As an industry-leading Chinese manufacturing company, we continue to expand the international market with excellent quality, innovative design and excellent service as our core competitiveness. We provide customized solutions to customers around the world, allowing the excellent quality made in China to go to the world. Choose Haoju, choose quality assurance, choose innovative design, choose the pride of Made in China! Let us create your dream kitchen together. Choose us and let us start a new chapter of wonderful kitchen life together!

Made in China, global service

What We Do ?

we are a leading company committed to creating highquality kitchen sinks! Through years of unremitting efforts and technological innovation, we have provided customers around the world with a series of uniquely designed, durable and reliable sink products, making them ideal for your kitchen renovation.

Why Choose us ?

- 1. Excellent quality**
Haoju sinks use the most advanced manufacturing technology and high-quality raw materials to ensure that each sink can withstand the test of time, resist corrosion and be extremely durable.
- 2. Innovative design**
We have a creative and experienced design team that constantly innovates and provides you with diverse sink designs to meet the needs of different kitchen styles.
- 3. Green and environmentally friendly**
We are committed to sustainable development and use environmentally friendly materials and processes to ensure that our products not only meet strict quality standards, but also help reduce the impact on the environment.
- 4. Customized service**
Whether your kitchen is modern and fashionable or classic and retro, we provide flexible customization services to meet your personalized needs and make your kitchen unique.

**Beautify
Your Kitchen**

Watch Us In Action!

Haoju Hardware Products Co., Ltd was established in 2008 and has been producing hardware products for 15 years. We have domestic leading research and development ability in sinks, as well as machining

physical and chemical testing, quality control abilities. We have 5 production lines, which can produce more than 1500 sets of sinks per day. Have strong production capacity to satisfy the order.

Our Team

Haoju currently has more than 150 workers and more than 20% are with more than 15 years experience on this line.

Haoju sink corporate culture

Know more about us, will help you more.

Mission Statement

With the mission of "intelligent manufacturing excellence, Made in China leading the world", Haoju sinks are committed to creating high-quality sinks with international influence through innovative technology and exquisite craftsmanship, providing a unique use experience for kitchen spaces around the world.

Cultural concept:

Haoju Hardware Products Co., Ltd. advocates the cultural concept of "intelligent manufacturing excellence, honoring Made in China". In the name of Haoju, we not only manufacture sinks, but also convey the pride and creativity of Made in China. Haoju, together with Made in China, has entered the world stage and brought the touch of quality life to every customer. At Haoju, we work together to innovate and inject new vitality into China's manufacturing industry. Haoju sinks create excellence with intelligence and lead the future.

Vision&core value:

We are determined to become the world's leading sink manufacturing company, taking pride in the brand of Haoju sinks and showing the world the excellent quality and creativity of Made in China. We will lead the continuous development of China's manufacturing industry and help China's industry embrace a brilliant future.

1. Innovative Manufacture

We adhere to the concept of "Haoju Intelligent Manufacturing", constantly introduce new products, and provide customers with more forward-looking and innovative products with the help of advanced technology and intelligent manufacturing.

2. Excellent quality

Haoju sinks carry forward the tradition of quality made in China and strictly control every production link to ensure that each sink is a high-quality product that can stand the test of time.

3. Customer first

We know that customers are the lifeline of Haoju. We lead the world market through "Made in China", listen to customer needs, provide personalized services, and become a trusted partner of customers.

4. Teamwork

Haoju attaches great importance to teamwork. We believe that unity and cooperation are the only way to realize Haoju's vision. Every Haoju person is the backbone of the team, working together and growing together.

5. Environmental responsibility

Haoju actively practices the concept of green production, adheres to the environmental responsibility of "Made in China", promotes circular economy, and contributes to the sustainable development of society.
